Good | Option 1

The LifeDesk Base + Herman Miller Worksurface

We consider the LifeDesk to be a “Good” option for a height-adjustable table:

- + The LifeDesk comes as a base only. To provide a complete solution we will add a Herman Miller worksurface to the base.
- + A great feature of the LifeDesk base is the quick lead time. That said, the worksurface will be on a longer lead-time (10 or 20-business days, depending on the finishes selected) which will extend the overall lead time.
- + The T-Leg is considered a less ergonomic leg, as it can limit flexibility and mobility within your workstation, depending on the overall layout of your space.
- + The range of finish options for the base is limited for this option.
- + The 7-year warranty covers all parts; the warranty covers labor for 1-year. Should any issues arise after 1-year, there will be a cost for the labor to resolve.

HEIGHT RANGE	22" to 51"
SWITCH	4 position programmable handset with up/down arrows and digital read-out
WORKSURFACE SHAPES	Rectangle, oval, corner, extended corner, 120
WORKSURFACE WIDTHS	24" to 96"
LEG TYPE	T-Leg
LEG FINISH	Silver, black
LEAD TIME	5-business days to ship, base only. Worksurface to come from Herman Miller, 10-business days to ship.
WARRANTY	7-year parts; 1-year labor

Good | Option 2

HAT Contract – Hi-HAT

We consider the HAT Contract Hi-HAT Table to be a “Good” option for a height-adjustable table:

- + A great feature of the HAT Contract Hi-HAT base is the quick lead time, allowing you to experience the benefits of height-adjustability quickly.
- + The T-Leg is considered a less ergonomic leg, as it can limit flexibility and mobility within your workstation, depending on the overall layout of your space.
- + The range of finish options for the top and base are more limited for this table.
- + The Lifetime warranty covers mechanical parts only; the 7-year warranty covers the electrical components only. This warranty does not cover labor, so should any issues arise there will be a cost for the labor to resolve.

HEIGHT RANGE	23.75" to 49"
SWITCH	LED 4 position programmable handset
WORKSURFACE SHAPES	Rectangle, oval, corner, extended corner, 120
WORKSURFACE WIDTHS	30" to 96"
LEG TYPE	T-Leg
LEG FINISH	Silver, black, white
LEAD TIME	5-business days to ship
